

Berkeley Biosciences Study Abroad

The Berkeley Biosciences Study Abroad program invites outstanding students to spend a semester at Berkeley to take upper level Integrative Biology and Molecular and Cell Biology courses, interact with world-class faculty, and experience life at UC Berkeley. Enrich your studies, participate in innovative research, broaden your cultural horizons, and connect with peers and faculty from across the globe in one amazing academic experience!

COURSES OFFERED FOR SPRING 2018

| | | | |
|----------|-------------------------------------|----------|---------------------------------------|
| IB 102LF | California Plants with Field Lab | MCB C61 | Brain, Mind, and Behavior |
| IB 103LF | Invertebrate Zoology with Lab | MCB C103 | Bacterial Pathogenesis |
| IB 113L | Paleobiology: Ecology and Evolution | MCB 104 | Genetics, Genomics and Cell Biology |
| IB 114 | Infectious Disease Dynamics | MCB 110 | Molecular Biology |
| IB 131L | Human Anatomy Lab | MCB C114 | Intro to Comparative Virology |
| IB 132 | Physiology | MCB 116 | Microbial Diversity |
| IB 132L | Physiology Lab | MCB 130 | Cell and Systems Biology |
| IB 135 | Mechanics of Organisms | MCB 133L | Cell Biology and Physiology Lab |
| IB 138 | Comparative Endocrinology | MCB C134 | Chromosome Biology/Cytogenetics |
| IB 140 | Human Reproduction | MCB 137L | Physical Biology of the Cell with Lab |
| IB C143B | Hormones and Behavior | MCB 140 | General Genetics |
| IB 167 | From Genes to Fossils | MCB 141 | Developmental Biology |
| IB C171 | Freshwater Ecology | MCB 149 | The Human Genome |
| IB 175LF | Herpetology with Field Lab | MCB 150 | Molecular Immunology |
| IB C176L | Fish Ecology with Lab | MCB 165 | Neurobiology of Disease |

Course offerings may change, or be limited by enrollment.

TUITION & FEES, SPRING 2018

| | | | |
|---|----------------------------|--------------------------------------|---------------------------------------|
| Tuition, 12 units (full time): USD 9,000 | Student Fees: USD 1,225 | Living Expenses: USD 7,500-10,000 | Estimated Total: USD 17,725-20,225 |
|---|----------------------------|--------------------------------------|---------------------------------------|

Scholarship funds or other assistance may be available from your University or other sources. Contact your University International Office, faculty, or the BBSA program for more details.

MORE INFORMATION:

Contact your home University program coordinator or international office to find out how to be nominated to the BBSA program. You can also find more details at <http://bbsa.berkeley.edu> or email bbsa.program@berkeley.edu to find out more!
